WASHINGTON, Dec. 5.—Fall-
ing gavel in both houses on the
stroke of noon sent the dying
72nd congress on its turbulent
way today.

Galleries were jammed and an
atmosphere of tension and ex-
pectancy prevailed, particularly
in the house where for the first
time in a dozen years a real
showdown on prohibition im-
pended. Thousands of people
clamored for admission and an
opportunity to witness the his-
tory-making spectacle. But only
a fraction of them succeeded be-
cause of the limited gallery
space available.

lame-duck congress—
probably the last of the spe-
cies—came back to Wash-
ington today to confront a
set of circumstances and
problems unparalleled in the
history of the republic.

With only three months to live,
the dying session of the 72nd con-
gress faces a staggering array of
legislative challenges. And with
control divided, and split into fac-
tions, as it is, the belief is general
that the session will fail to accom-
plish its major objectives, necessi-
tating an extra session of the new
73rd congress soon after March 4.

Extraordinary circumstances
Probably no American congress
ever convened under more extraor-
dinary circumstances than did the

Repeal Submission Vote Result In Doubt As Congress Gathers

WASHINGTON, Dec. 5.—
Prohibition was brought to judg-
ment after 12 years today as the
House prepared to vote on a
resolution submitting repeal of
the eighteenth amendment to
state conventions.

The verdict was in doubt as the
time heard for Speaker John N.
Garner to recognize a motion to
consider a repeal amendment fram-
ed for him to carry out the Demo-
cratic national platform pledge.

Wets Jubilant

Jubilant wets who have fought
prohibition for years were surch-
arged with excitement over the pos-
sibility of a victory in the first leg-
islative effort to end prohibition.

Grim drys, on the other hand,
watched the proceedings hopefully
for assurance that the nation is still
dry.

Democratic leaders appeared con-
fident they would have the neces-
sary two-thirds majority to submit
the amendment, while the drys were
equally certain that the bold stroke
of the house speaker would fail.

MARCHERS PLAN OPEN AIR MEETING

WASHINGTON, Dec. 5.—A near-
riot occurred in the camp of com-
munist "hunger marchers" here to-
day when a federal under-cover
agent was found in the ranks and
chased out with sticks, stones
and fists.

The hotter heads among the
marchers threatened for a time to
make a general assault on the cor-
dons of police that hemmed in the
camp, but their leaders dissuaded
them.

"Get the stool pigeons" and "get
the cops" were cries from all sides.
The government agent, whose
identity was not disclosed, was
"roughed" out of camp for a dis-
tance of a quarter of a mile, but
was not seriously injured.

Unable to find a hall where they
could hold a meeting to select dele-
gations to call on the White House
and the two houses of congress with
their demands for \$50 for each un-
employed worker, the leaders were
arranging this forenoon for a large
open air congress in the camp to
complete their organization.

There was considerable grumbling
about the camp this morning, not-
withstanding that there was plenty
of food for breakfast. There were
sandwiches, hot coffee and some ba-
con, supplied by the organizers of
the march who have a plentiful com-
missary on upper 14th street.

The principal complaints were over
the lack of housing and the utter
lack of sanitary facilities.

Republican Wets Will Vote With Garner Backers

Republican "Wet Bloc" Today
Has 109 Votes For Re-
peal Resolution

(International News Service)

WASHINGTON, Dec. 5.—The Re-
publican "wet bloc" of the house to-
day unanimously voted to support
the Garner prohibition repeal resolu-
tion when it is called up in the
house this afternoon.

The action was taken after 15
minutes discussion on the recom-
mendation of Rep. Beck of Pennsylv-
ania, chairman of the "wet bloc."
Fifty-one members were present
when the vote was taken.

With the fate of the Garner resolu-
tion in doubt because of strong dry
opposition in the "lame duck" con-
gress, the decision of the Republi-
can group was welcomed with en-
thusiasm by Democratic leaders.

Rep. Britten (R) of Illinois, a
member of the "wet bloc" predicted
that there would be 109 Republican
votes for the Garner resolution.

Democratic leaders, however, had
been counting on 120 Republican
votes.

The support of the "wet bloc"
meant that there probably would be
no organized Republican effort to
delay the Garner resolution because
there will be no opportunity to vote
on the Republican national platform
repeal plan.

Hoover Message To Congress Is Eagerly Awaited

Interest In War Debt Situa-
tion Turns To Special
Message

PAY OR DEFAULT IDEA SPREADING

(International News Service)

WASHINGTON, Dec. 5.—Interest
in the war debt situation turned to-
day to the special message on this
problem which President Hoover is
expected to send to the capitol this
week.

It was believed Mr. Hoover would
incorporate in this message excerpts
from the two latest notes received
from Great Britain and France, and
probably attach to his message the
full texts of both notes.

Pay or Default.

The Polish ambassador and the
Czechoslovakian minister have al-
ready notified Secretary of State
Stimson that notes similar to the
French and British are being pre-
pared by their respective govern-
ments.

These formal communications ap-
pear to be intended more "for the
record" than for any practical pur-
pose they may be expected to serve
in obtaining a postponement of the
debt payments due this country on
December 15. Practically all the
diplomatic representatives here are
fully cognizant of the "pay or de-
fault" sentiment rampant in con-
gress.

Beer Bill Will Not Rub Out Big Bootleg Business

Few Believe Beer Bill Will Be
Finish Of Bootlegging
Activity

(International News Service)

WASHINGTON, Dec. 5.—Special
studies conducted by the prohibi-
tion bureau over the past year have
amassed a tremendous volume of in-
formation relative to distribution
which will be made available to con-
gressional committees considering a
beer bill, if desired, it was learned
today.

Col. Amos W. W. Woodcock, di-
rector of the prohibition bureau, was
prepared to tell congress what would
be the effect on enforcement and the
difficulties of enforcement, in Wood-
cock's opinion, it having been pointed
out that the government must depend
upon a favorable public opinion for
the successful enforcement of any
law.

Some officials think this unfavor-
able effect would be offset by a beer
bill, which would divert many drink-
ers of hard liquor to the milder ce-
real beverages.

Few believe the bootlegging in-
dustry will be wrecked by a beer bill

Great Britain Is Now Convinced Debt Must Be Paid December 15

(International News Service)

LONDON, Dec. 5.—Great Brit-
ain appeared convinced today
of the futility of expecting war
debt concessions from the United
States Congress.

Government officials declared
themselves unable to see how the
December war debt payment could
be escaped.

Despite this view, Whitehall offi-
cials expressed great interest in the
war debt message President Hoover
is expected to submit to congress.

Discredit Report

Reports that Ambassador Mellon's
visit to Stanley Baldwin had been
made to offer a compromise in con-
nection with the December payment
were discredited in authoritative
circles, where it was believed its pur-
pose was to obtain an explanation
of the references to gold payments
and tariffs in the second British
debt note.

It was generally understood Bald-
win assured the Ambassador the
tariff reference in the note was not
intended as a threat to the United
States. This was supported by an
editorial in the Times which said
the British note contained no
threats against the United States.

The pulpit committee has not yet
received a reply from Dr. MacGeorge
but expects one the early part of

Garner Repeal Fails To Pass House Session

Vote Is Ordered Shortly
After Session Takes
Up At Noon

SHORT DEBATE PRECEDES VOTE

Measure Aims To Submit
Question Of Prohibition
Repeal To States

(BULLETIN)

WASHINGTON, Dec. 5.—
The Garner resolution sub-
mitting repeal of the prop-
riety amendment to the
states failed in the house to-
day. The vote was 272
for, and 144 against the
resolution.

The repeal resolution was defeated
in a dramatic fight because it did
not receive the two-thirds vote nec-
essary on resolutions to change the
constitution.

The battle over prohibition is thus
shunted into the new congress, 73rd,
which comes into power after March
4th, overwhelmingly Democratic in
all its branches.

WASHINGTON, Dec. 5.—
A roll call vote on the Gar-
ner prohibition repeal resolu-
tion was ordered by the
house despite dry opposition
today.

The decision came when the house,
on a teller vote, ordered a second
to the motion of Rep. Rainey (D) of
Illinois, to suspend rules and pass
the resolution.

Under the parliamentary proced-
ure the drys had a chance to kill
the resolution by a majority vote
without a roll call, by defeating the
request for a second. The request
carried with it the regular limitation
for forty minutes debate and a vote.

407 Members Present

The roll call showed 407 members
present. There was continuous din
throughout its taking.

"Mr. Speaker," said Rep. Blanton
(D) of Texas, "We can't hear."

"Well, I've been trying to get or-
der," said Garner, banking his gavel
again.

Resignations of Reps. Tilson (R)
of Connecticut and Crisp (D) of
Georgia, were read.

"I demand the right to hear,"
spoke up Rep. Snell (R) of New
York.

"I have asked for order," said
Garner.

"You have the sergeant-at-arms
to keep order," said Snell.

He had to shout to make himself
heard.

Rainey Recognized

The roll call completed, Garner
immediately recognized Rep. Henry
T. Rainey, the majority leader, who
presented the repeal resolution. On
a teller vote, the house then ordered
a roll call, which under the suspension
of the rules, required forty minutes
to debate, twenty to each side.

Rep. Tarver (D) of Georgia, a dry,
objected to the granting of a second
to Rainey's resolution and on the
teller vote the members passed in a
line between Rep. Christopherson
(R) of South Dakota, leader of the
drys, and Rainey. There was no roll
call.

HUNT BODIES LOST AS PLANE SINKS

Four Die In Lake Mishap

Body Of One Girl Recovered Identified As Punxsutawney Maiden

ONE WOMAN AND TWO MEN MISSING

(International News Service)
DETROIT, Dec. 5.—Weather permitting, coastguard crews were to make another effort today to raise from Lake Erie the ill-fated plane which carried three merry-makers and their pilot to their deaths.

High seas and rain yesterday defeated efforts to bring the wreckage into the Trenton, Mich., base of the coastguard for closer examination. Officials believe another body may be hidden in the tangled fuselage.

The body recovered late Saturday shortly before the storm broke, was identified as that of Marcella Kopnitsky, 17, of Punxsutawney, Pa., who had been living here with relatives.

Three Missing.

The missing are Katherine Siese, 29, aunt of Marcella, of Detroit; Patrick H. Tuohy, 36, veteran Detroit pilot, and Thomas Neal Brown, wealthy Detroit and Florida sportsman and owner of the plane.

The wreckage is moored in 19 feet of water, its engine buried in the mucky bottom. A trail of oil Saturday afternoon led coastguardsmen to it and discovery of the tragedy.

Authorities reconstruct the crash, the plane nosed into the water at full speed during a fog. Blades of the propeller were bent forward, indicating it was turning at high speed and thrashed the water.

The impact tore the seats from the floor of the cabin and Miss Kopnitsky's body was found wedged among them. The other three, it is believed, were killed instantly, too, and their bodies washed away.

Planes will attempt to locate the bodies at the bottom of the shallow lake when the storm subsides.

unprecedented proposal of passing upon a legislative problem of major importance on the opening day of congress on the theory that submission of repeal would be carrying out the verdict of the voters in the November election.

Rep. Rainey of Illinois, 72-year-old Democratic floor leader, was expected to make the motion which would bring the question before the House.

The parliamentary situation offered the dries a chance to kill the resolution by a majority vote, although it takes two-thirds to pass it. They can also kill it without going on record.

If a majority of the House opposes consideration of the resolution it can refuse a second. This could end proceedings for the day, and Speaker Garner has said it would end proceedings for this session of congress.

Democratic leaders hoped to have at least 165 of the 221 Democrats in the House voting for the resolution.

With four vacancies, 287 votes would be needed for a clear two-thirds. At least 10 absentees were expected, and others may not vote.

grounds, were hundreds of extra police—mobilized to protect the Capitol against the invasion of several thousand so-called "hunger marchers" who converged upon Washington over the week end demanding federal relief for the homeless and the jobless. The invasion was frankly communistic in origin.

But upmost in every member's mind was prohibition—the hot potato of American politics for the past dozen years.

Wets Are Militant

Militantly confident as a result of the sweeping anti-prohibition gains in the November election, the wets are determined to force, if possible, repeal of the 18th Amendment and modification of the Volstead Act to legalize beer before the fourth of March. A resolution repealing the 18th Amendment was the first order of business today. A year ago such an undertaking would have been considered the height of folly.

Yet so radical has been the shift in public sentiment, as revealed in the November election, that the wets were jubilantly confident today of their ability to beat prohibition, and the dries were, to say the least, apprehensive.

Other Problems

Behind the prohibition issue ranks a formidable array of other problems confronting this session:

(1) Adequate farm relief, to which the new in-coming Democratic administration is pledged in a variety of ways.

(2) Balancing the federal budget, now "in the red" to the tune of almost a billion dollars for the current fiscal year.

(3) Location of new sources of federal income to tap, in order to make the government's income equal to its out-go.

(4) The united demand of European debtors for relief from their December payments, pending review and further reduction of the value of war debts.

(5) Radical reduction of federal expenditures, to which both the old and new administrations are pledged.

There are numerous other problems that in varying form will arise to confront the dying session of the

GARNER REPEAL FAILS TO PASS HOUSE SESSION

(Continued From Page One)

the line with the wets was Rep. Ruth Bryan Owen (D) of Florida, daughter of William Jennings Bryan, the great dry leader.

The vote to consider the resolution was 245 to 121—more than a two-thirds vote but many members apparently did not pass through the lines on this test.

Debate Opens

Debate on the resolution was opened promptly by Rep. Rainey.

All attempts by those in charge of the resolution to obtain an extension of time for debate were defeated by objections.

Rep. Sumners (D) of Texas, sought to enlarge the time to three hours.

Reps. Dyer (R) of Missouri and Dickstein (D) of New York, objected. Rep. La Guardia (R) of New York, then asked for two hours debate. Dickstein objected.

"Mr. Speaker," said Rep. Snell, the Republican leader, "will there be an opportunity to amend the resolution?"

"The gentleman knows the rules and knows that will not be," replied Garner, tartly.

Rep. Michener (R) of Michigan, asked the Democratic leaders to withdraw the resolution and "bring it in a more orderly way."

Rainey of Illinois, author of the resolution, opened the fight for it with a simple reading of the preamble of both political party platforms for quick action on repeal, and said:

"I have submitted this resolution in compliance with both party platforms and ask, as majority leader, its adoption."

Assaults Rushing Move

Republican leader Rainey announced he would vote for the resolution but assailed the Democratic majority for rushing prohibition repeal to a vote on the first day of the session.

"It does start machinery to refer this question to the States," he said. "The resolution will be amended many times and I have personally decided to vote for it."

Snell said the Democratic majority was not "showing proper respect for the president of the United States" in bringing up the resolution before the president's message is read.

It makes us look like a lot of irresponsible individuals," he said.

Snell declared he firmly believed that the house would support the Republican plan of resubmission, including protection for dry states and outlawry of the saloons, if given a chance.

"In rushing this through with 20 minutes debate on each side and no chance for amendment, you are breaking precedents of 150 years," he asserted.

Rep. Sabath (D) of Illinois urged support for the resolution so that the people can pass on the question of prohibition.

Ask Food—Give Booze

Rep. Moore (R) of Ohio, long a wheel horse for the anti-saloon league, said:

"The highest duty and the highest privilege is the consideration of a constitutional amendment."

"Never in the history of the Republic, has the house been called upon to consider any question under such ruthless conditions."

"Men are coming to the capitol asking for food and we are asked to give them booze."

"This is in contravention of the Republican platform."

"Do not think you can vote for this resolution and clear yourselves with your constituents?"

Rep. Blanton (D) of Texas delayed proceedings by raising a constitutional question regarding the distribution of time allotted speakers on either side.

Answering charges of a "gag rule," Rep. Celler (D) of New York, said the country had been considering the question for 12 years.

Rep. Beck (R) of Pennsylvania, long an exponent of repeal, answered the dry claim that no Republican could conscientiously vote for the repeal.

"At a meeting of the Wet Republican groups in the house, held this morning and attended by all but two of those members, it was unanimously and enthusiastically resolved we would support and vote for the Garner resolution," he said.

Rep. Michener (R) of Michigan, said he would vote for the resolution but he predicted it would fail in the senate.

Rep. Britten (R) of Illinois, said "the integrity of the platforms of both major parties is involved in the vote."

Speeches of members were limited to one and two minutes because of the short time allowed for debate.

Only mild handclapping greeted any speech, either wet or dry.

Rep. Soaker (D) of New York, long a dry, opposed the resolution. He said both parties pledged themselves to outlaw the saloon but that the Garner resolution provided no such protection.

Rep. Tarver (D) of Georgia, asserted there is a swing back to prohibition. The wets, he said, were trying to stampede congress into action.

RALSTON APPEARING AT SCHOOLS TODAY

SCRANTON, Pa., Dec. 5.—Dominick Graziano, 23, of Carbondale, was killed today when his machine collided with another, seriously injuring two young women and a youth.

The victims, Katherine Krouse, 18, of Childs; Paul Conmy, 19, and Mary Burke, 18, of Carbondale, were rescued from the flaming wreckage and taken to the Carbondale hospital.

If hooch sellers are liberated because the public won't care when they resume business, why are killers paroled?

Registration At Schools For State Milk

(Continued From Page One)

Registration of the parents of children of the pre-school age at various schools of the city and county for the purpose of determining those in need of the milk to be distributed by the state, will take place Tuesday, between 10 a. m. and 4 p. m. with representatives of the Department of Child Health and different Parent Teachers Associations in charge. The registration is being done for the state nurses here, who have charge of the distribution of the milk being supplied through the state.

Parents of children of the pre-school age, who cannot afford to supply the milk required by their children, will be supplied by the state beginning on or about December 12, following a check of the registration, providing they register Tuesday. It is suggested that the parents register at the school closest to their home.

School Board To Organize Tonight

Session To Be Held At East Street Building—Meeting Is Designated Session

Pursuant to the provisions of the school code, the New Castle School Board will meet tonight to organize for the coming year. The law provides that officers of the board shall be selected on the first Monday of December. The meeting is a special meeting for this purpose.

At the present time Daniel B. Woolcock is the president of the board. J. Herbert McIlveney vice president and Hugh M. Marquis secretary and business manager. The secretary's term is for four years. In addition to the officers of the board the solicitor will be elected. Inasmuch as Attorney William J. Moffatt has been the solicitor for a quarter of a century or more, his reelection tonight seems merely a matter of form.

Minor Fires Are Cause Of Alarms

Firemen Answer Three Calls Sunday And This Morning For Small Blazes

Three alarms were answered by city firemen Sunday evening and this morning, none of the fires which summoned them being of any consequence.

At 6:25 Sunday evening, they were called to 106 East Reynolds street by an alarm from Box 83. Matches had ignited in a pair of trousers hanging in a clothes press, causing damage of around \$35.

At 10:10, firemen were called to Lee avenue where boys had started a bonfire, lighting the backstop on the ball field.

At 8 o'clock this morning, they were summoned to the home of Tom Wallace, colored, of 1025 Moravia street. In business and professional life men become leaders through ABILITY and COURAGE.

ABILITY to think for themselves and COURAGE to put their thoughts into practice.

A real man seeking advancement does not call upon some gang to push him along but strives to do that which he is doing so well that it attracts attention to his ABILITY.

A Funeral Director should be a man who is a leader, does things by using his own ABILITY and not by imitating others.

HOSE STOLEN AT FIRST CHRISTIAN

Police were called to the First Christian church Saturday following the theft of 100 feet of garden hose from the vicinity of the church.

The janitor had occasion to leave the hose, which he had been using, for a few minutes and on his return found that it had been stolen by a

negro. The police searched the district but were unable to find the hose or the negro.

Brocaded satin was worn by Mlle. Bernadette Marin, of Paris, when she was wed recently to M. Jean Lebrun, son of the French president. The net veil was draped on the head in a toque effect, held by camellias, and a water lily was worn at the front of her décolletage.

Roosevelt Making Big Play For Support Of Progressive Republicans

(International News Service)
WARM SPRINGS, Ga., Dec. 5.—Unless the Republican party takes a more liberal attitude toward major problems confronting the country, President-elect Franklin D. Roosevelt was confident today he will have the support of Progressive G. O. F. leaders while he is in the White House.

After a two-hour conference with Governor Roosevelt, Senator Cutting, Progressive Republican of New Mexico, who bolted President Hoover in the last campaign, said: "Whether the Progressives will support Mr. Roosevelt throughout his administration depends on what the Republican leaders propose. I think the whole political alignment of the country is fluid, and almost any kind of a new lineup is conceivable."
Governor Roosevelt will cut short his vacation late tomorrow forenoon and start north. He will reach New York City Wednesday evening and continue to Albany Thursday, to prepare for the special session of the New York legislature starting December 9.

Makes Protests On Mayor's Acts

Franklin Avenue Man Visits Council To Assail Moves By Mayor

George Rice, Franklin avenue, today appeared before city council session at the municipal building and protested the action of the mayor in the routing of the hunger marchers, through the city; opening of the movies on Sunday, alleged suppression of free speech and proposed denial of 'city' relief to persons who attended "red" political meetings.
Mayor Mayne replied he routed the hunger marchers through the city via Atlantic, Mahoning, Long and Arlington avenues owing to the torn-up condition of East Washington street. He said he had not stated that 'city' relief would be denied persons who attended "red" political meetings; adding that the city does not provide relief.
The mayor said he had a right to make a speech after one spokesman had been arrested on the public square. Mayor Mayne said that he, as the head of the city government, he had that right.
In regard to opening the "movies" on Sunday about a year ago, the mayor said he did open the theaters and is still amenable to prosecution.

Congress Action On Prohibition Was Taken Just Fifteen Years Ago

By STUART GODWIN
International News Service Staff Correspondent

WASHINGTON, Dec. 5.—Unless all signs fail, the house today will vote today on rescinding its own action of 15 years ago. Then it recorded itself 282 to 128 in favor of putting the Eighteenth Amendment into the Constitution.

After years of effort on the part of prohibitionists, the amendment started on its way to success on August 1, 1917, when the senate voted 65 to 20, to write the prohibition of intoxicants into the foundation law of the land. Of the senators who voted for it then, only 21 remain today, and two of them are "lame ducks"—Smoot (R) of Utah, and Watson (R) of Indiana. Vice-President Curtis, then a Kansas senator, also voted for it. He too leaves his post on March 4. Of the then wet senators, all but two have met defeat or death. Lewis (D) of Illinois, was defeated and then returned to the senate, Brou-

sard (D) of Louisiana, is in the lame duck class.

When it went over to the house, the judiciary committee kept it bottled up until the next session of the 65th Congress, which convened just 15 years ago. Former Rep. Carlin (D) of Virginia, reported the amendment out of the house judiciary committee on December 14, and three days later a vote was taken. The amendment was deposited with the state department, and the long grind of state ratifications began.

The amendment was ratified well within the seven year limit, the necessary 36th state ratifying in January, 1919, 13 months after final passage by congress.

The enforcement act, commonly known as the Volstead Law, was adopted by the house on July 22, 1919, amended and passed by the senate on September 5, the house later agreeing to the amendments. Woodrow Wilson vetoed the bill on October 27, 1919, and the same day the house overrode his veto, the senate following suit the next day.

Wine Bill Is Introduced In House Session

Rep. Lea, California, Offers Bill To Legalizing Fermented Wine

(International News Service)

WASHINGTON, Dec. 5.—One of the first bills introduced in the house today was to legalize naturally fermented wine. Rep. Lea (R) of California, introduced the measure, which was referred to the ways and means committee. A tax of 20 cents a gallon would be placed on such wine.

The bill provided that nothing in the prohibition act shall be construed to bar the manufacture, transportation and sale where not in conflict with local laws, of naturally fermented grape wine to which no distilled spirits have been added.

Merchants Meet On Holiday Plans

Evening Opening Hours To Start Dec. 19; Committee Works On Lighting

At a meeting held this morning in the Directors Room of the Chamber of Commerce, members of the Better Business Bureau and other merchants, discussed holiday closing hours and Christmas lighting.

It was decided that the merchants would start to observe the customary pre-Christmas evening hours on December 19, so that those who are unable to visit the stores during the daytime may have an opportunity of doing their Christmas shopping in the evening.

Christmas street lighting, which has been carried out for several years, was given the approval of the organization and committees were named to visit the different merchants along Washington street to determine their wishes on the Christmas lighting plans.

These committees, which will report to President DeLoach Cole of the Better Business Bureau this evening, are as follows:

East Washington from East street to Pennsylvania tracks—John W. Staudinger and A. L. Bantz.

Mill to East street—C. A. Donges and Fred E. Singer.

Mercer to Mill—Frank Summers and James Meade.

Diamond to Mercer—Howard Kirk Jr., and J. W. Sloan.

Tax Committee To Hold Meeting

Final Plans For General Meeting Thursday Evening Will Be Made Tonight

Members of the executive committee of the Lawrence County Tax committee, part of a state-wide organization, of which L. G. Genkiner is general chairman, will meet this evening at 7 o'clock in the directors room of the Chamber of Commerce, when final and detailed plans will be made for the county-wide tax meeting to be held Thursday evening at 7:30 in the court house.

The members of the executive committee consist of L. G. Genkiner, general chairman; Thomas W. Dickey, chairman; Howell T. Getty of New Wilmington; Edward J. Davis, president of the New Castle Tax Payers league; N. E. Sampson of Volant, president of the Lawrence County Agriculture Extension association; Dr. Frederick Taylor, Pulaski; J. Audley Boak and A. H. Fullerton, of the Lawrence County Pomona grange; John W. Pattison, president of the Lawrence County Tax Justice league; and Carl C. Davidson, Ellwood City.

Each name was written on a small piece of paper. These papers were rolled up and a gum band placed around each one. This assures that they will not adhere to each other in the jury wheel, and there will be no danger of drawing out more than one name at a time. There is a small door in the jury box through which a commissioner inserts his hand and draws out the names, one at a time, when a jury is required.

How strange to make a foolish ideal of your friend and then blame him because he isn't like it.

Kennelly Brings Tax Matter To Council Today

J. F. P. Kennelly today appeared before council which met in the city building. He reported having paid on September 30, \$326.21, on city tax for 1932. He said that had the tax not been paid until October or November he could have saved the penalty of about \$9.50. He said the city treasurer directed him to see council.

Councilman Genkiner said councilmen had discussed this phase of taxes in view of the action of the legislature which provided penalties for delinquent taxes could be extended for a certain period. However, the legislature made no provision of penalties. He charged that "a man who pays promptly is penalized."

Mr. Kennelly is a heavy tax payer and recited the difficulties of paying taxes on property which is not bringing an income.

Two Children Are Killed By Train At Lansdowne, Pa.

Play Of Gleeful Youngsters Turns Into Tragedy, Both Die Under Train

(International News Service)

PHILADELPHIA, Dec. 5.—Rosy-cheeked little Eileen McKenna, aged three, and her inseparable four-year-old chum, Charles Daltroff, declined to "play soldier" today.

Their play took them nearer and nearer to a hedge bordering the Pennsylvania railroad main line at Lansdowne.

Screaming with glee, Eileen darted through the hedge, with Charles at her heels.

A local train thundered past. Shrieks of horror. . . The grinding of brakes. . . Silence.

Both kiddies were dead.

Red Cross Cloth Nearly Used Up By Sewing Units

Work in Various Districts Of City And County Will End This Month

MORE CLOTH MAY BE SECURED LATER ON

Within the next two weeks, the work in the various sewing units of the city and county, which has been carried out under the auspices of the Red Cross Garment Committee, will be ended. Only a small amount of cloth remains to be worked up into garments, and when this is used up, the work will be suspended.

The sewing units will not be disbanded, however, as it is hoped to secure more cloth around the first of the year.

At the present time, the attention of many of the units is being concentrated on the making of layettes for the new born infants, a large quantity of birdseye and outing flannel having been received in the initial shipment.

Layettes In Demand
There has been a great demand for layettes, eight having been distributed through the Red Cross nursing during the past week. In addition to layettes, the mother is given bedside nursing care by the nurse for a period of ten days.

In return for making the layettes, the workers will receive made-up garments.

A splendid spirit of cooperation has been shown by the workers throughout.

out the country Mrs. Marcus Fuechtwanger, who is in charge of the city production, and Mrs. C. J. Kirk, who has charge of the county district state.

One of surprising results of the activity of the various sewing units has been the readiness with which many women who had never sown before, have grasped the idea of helping themselves and have applied themselves so diligently to the task, that they are now able to turn out garments of a high quality. They will be able to economize later on, by making their own garments and garments for their families.

Materials All Different
Many people have been of the impression that the materials which were received were all of the same color and design but this has not been the case. There has been a wide variety of colors and prints, in fact there have been few bolts of cloth which have been of the same design and color, not only in the prints and percales but in the outing flannel.

Those who were working on garments for their families also had the privilege of using their own patterns, as long as economy was practiced.

The chairmen in charge express their appreciation of all that has been done to make the garment movement a success, and thank all who have in any way aided.

They are particularly appreciative of the assistance given by Mr. and Mrs. H. E. Druschel, who have turned over the use of their store room on Long Avenue for a period of two months to the South Side Sewing Unit, where 151 families have been taken care of.

COLDS GO THROUGH 3 STAGES!

And They are Far Easier Stopped in the First than in the Second or Third!

A cold ordinarily passes through three stages—the Dry Stage, the first 24 hours; the Watery Secretion Stage, from 1 to 3 days; and the Mucous Secretion Stage. Relief is twice as easy in the first stage.

For prompt relief take a couple of Grove's Laxative Bromo Quinine immediately upon catching cold.

This will usually expel the cold overnight and thus prevent the spread of the infection within your system.

Grove's Laxative Bromo Quinine is effective because it does the four things necessary. It opens the bowels. Kills the cold germs and fever in the system. Relieves the headache and grippiness. Tones the entire system and fortifies against further attack.

Grove's Laxative Bromo Quinine is absolutely safe to take. Contains no narcotics and produces no bad after effects. It is regarded the world over as the standard cold tablet.

Comes in handy, pocket size box, cellophane-wrapped. For sale in every drug store in America. Make it your first-aid in all cases of colds and grippiness. Accept no substitutes.

if it's a Maytag

I never even thought of home washing before. But I've seen how easy it is to wash in a Maytag. And it seems silly to pay someone else to do such light work."

But don't confuse "buying a washer" with investing in a Maytag. A Maytag washes clothes cleaner... faster... with less work... less wear and tear on clothes... less cost per washing... and keeps on doing that for more years. It represents a permanent investment in household equipment and in actual dollars and cents savings.

Certainly a washer is an appropriate gift—if it's a Maytag. Come in and let us demonstrate and talk terms.

"It's a SIX at \$60 Less than Last Year"

It takes Values like this New Plymouth to start Business Going Again"

"We are all anxious for the return of better times. But I for one do not believe that better times will be brought back just by talking... or by merely waiting. Someone must start something... and with that idea we introduced the Plymouth Six."

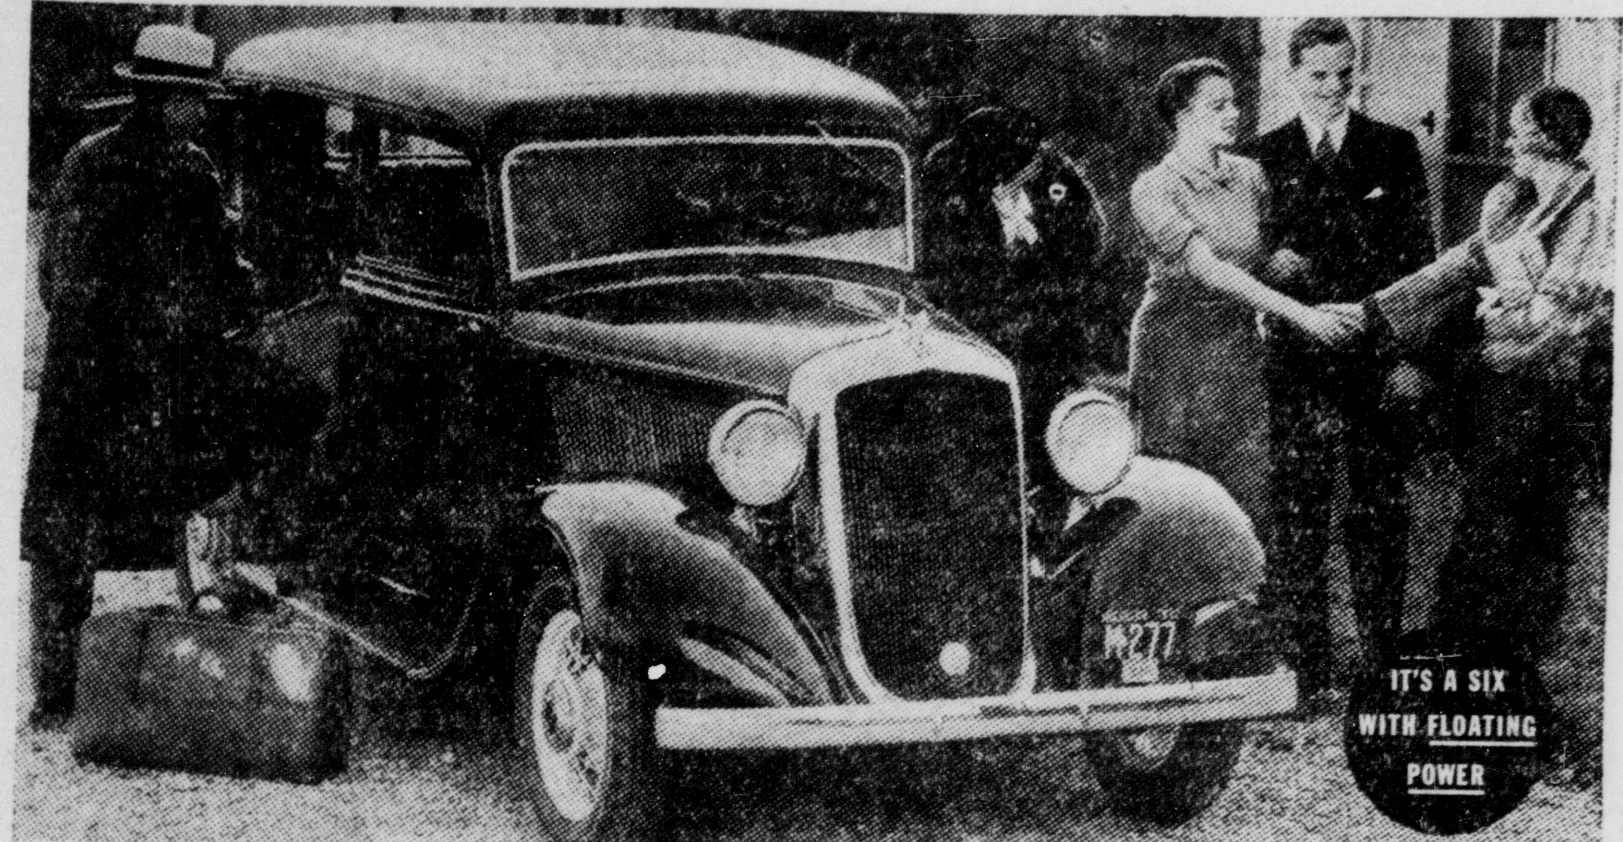

"We made it a completely new car. We spent \$9,000,000 on tools, equipment and research. We have committed ourselves already to \$42,000,000 worth of raw materials."

"We did all this because we were convinced that there are many people who can buy new cars now... and would if offered an outstanding value. And every new car sold... whether a Plymouth or some other make... puts more men to work."

"Look at the new Plymouth. Look at all three low-priced cars. And I sincerely believe your next car will be a Floating Power Plymouth Six."

W. C. Chrysler

THE PLYMOUTH SIX IS SOLD BY 7,232 DESOTO, DODGE AND CHRYSLER DEALERS

PLYMOUTH engineers knew what the public wanted! They knew that you wanted a smooth surge of power when you put your foot on the accelerator... so they built a 70-horsepower Six with Floating Power!

They made it safer than other low-priced cars... by giving you hydraulic four-wheel brakes, a safety-steel body, a safety-glass windshield!

They knew you have to watch every penny... so they achieved new economy of gas, oil, tires and upkeep. Last, but not least, they designed a low-priced car without that "low-priced look."

So look at the Plymouth before you buy.

Will Appear In Senior Play

David McBride Robert Aiken

Robert Aiken is cast for the role of Sandy Tyrrell in the senior class play, "Hay Fever", at the local high school. Tyrrell is an engaging young man who has fallen in love with a middle-aged actress—or things he has. She invites him down to her country-place for a week-end of dalliance. In the bosom of her eccentric family "Bob" progresses from dazzling romance to rueful disillusionment. Young Mr. Aiken in his proper person has horseback-riding as his favorite sport, is an honor student in the big school, and one of the outstanding members of the January graduating class. He is the son of Mrs. Marie Aiken of Highland avenue.

David McBride, another member of the cast of "Hay Fever", is prominent in high school activities. During the past football season he has served as student manager of the "Red Hurricane." His special claim to distinction off-stage is his talent as a cartoonist. He is the son of Mr. and Mrs. Quincy A. McBride of Hazelcrest avenue. In the coming senior play he is Richard Greatham, diplomatist of international fame, who has been attracted by the delightful daughter of the Bliss household. He, too, has been invited to their country-place for the week-end, and finds himself one of a ridiculously assorted quartet of guests. "Dave's" numerous friends will be in attendance on the public performance of "Hay-Fever" to see him extricate himself from the various situations with humour and sprightly dignity.

"—my skin became clear..."

—and you don't know what a happy day that was in my life. Then why not pause a moment and reason in a common-sense way the cause of many skin troubles. Such common ailments often result because of a lowered resistance below the skin surface—frequently due to lowered blood vitality. Increase the red-blood-cells and their hemoglobin content and more of the life giving oxygen is carried to every part of the body—even to the skin. "Step up" the ability of the resisting cells to devour infectious pimple germs. Then you will have laid the foundation for a sounder physical condition.

S.S.S. in addition to being a valuable general tonic, has the special property of increasing the red-cells and restoring the hemoglobin content of the blood, when deficient. It is time-tested... tens of thousands of unsolicited letters of gratitude over several generations evidence its merit. Don't let anyone "switch" you in your determination to restore your red-blood-cells and their hemoglobin content. 'HUNGER MARCHERS' UNDER HEAVY GUARD

Capital Police Herd Marchers

Entire Body Of Invaders Is Held Several Miles From Capitol Building

WOMEN ALLOWED OUT OF CAMP AREA

Police Declare No March On Congress Will Be Allowed Tuesday

(International News Service) WASHINGTON, Dec. 5.—Sprawled over a mile of highway, a "hunger army" of three thousand was camped several miles from the heart of the national capital today, under a heavy police guard.

Efforts of leaders to secure housing for the main body failed, and less than 600, mostly women, in the group were allowed to file out of the "camp" area and come into the city for the night. The remainder slept in blankets inside the trucks and automobiles which brought them here. Food was provided by the Communist National Unemployed councils.

There was little sanitation. There was no organized disorder. Some grumbling was heard.

The striking thing about the invading army was its solidarity and obvious organization, although its various flanks fled into the city from entirely different sections of the country. All sang the same communist songs. All spoke openly of "setting up a Soviet state" in America, and all determinedly announced they were going to march on the capital Tuesday. Police were determined they would not be backed up their determination with 800 patrolmen on active duty and 600 reserves.

Rail Extension Work Speeded Up In Eastern Ohio

Threats Of New Court Battles Spur Contractors On With 13-Mile Extension

(International News Service) EAST LIVERPOOL, O., Dec. 5.—Spurred by the threat of new court battles, construction of the 13-mile branch of the Montour Railroad from Negley, O., to Smith's Ferry, Pa., has been ordered speeded and today work of grading the right-of-way near Fredericktown was started.

The new link will connect the Mahoning Valley steel mills with the Ohio river.

Equipment for the grading of the Fredericktown section of the right-of-way was moved to the scene of operations yesterday as the "hurry-up" order went into effect.

The order came on the heels of a new injunction suit started in Cleveland Federal Court by the Pennsylvania and the Pittsburgh & Lake Erie Railroads asking the court to restrain construction work until the Montour obtains permission for the extension from the Interstate Commerce Commission. No temporary injunction was issued.

Dr. McCombs Is Exhibiting Deer

Eight-Prong Buck Deer Weighing 185 Pounds Is Being Butchered Today

Dr. Edwin C. McCombs, of 402 Moody avenue returned to New Castle Saturday evening all smiles and happy as a schoolboy with his first circus. Dr. McCombs brought home with him a fine specimen of eight-prong buck deer shot in the wilds of Clearfield county.

Two others in the hunting party, Arnold "Fix" Fraser and A. L. Boelich secured seven-prong bucks while Jack Ingham, John Ingham and Irwin Gibson went empty handed, but

still that is a good average three deers and six hunters. Deer steaks are quite the rage today.

This is the first deer that Dr. McCombs ever shot and naturally it is quite an event around the McCombs home. The deer will weigh about 185 pounds. Natives of Clearfield county proclaim it one of the finest ever shot.

Five minutes before he sighted and killed his deer Dr. McCombs was quite disgusted with his hunting ability and would have sold his entire hunting outfit for a very small sum, but you couldn't buy that gun and hunting coat today for anything. You can bet that Dr. McCombs will be among those going deer hunting next year, although he swore that this was his last trip to the woods. But, a deer changed his mind.

When the deer season came in she vaguely thought of going. But when her husband arrived home Friday from Ward's Ranch, near Marienville, with an eight-point buck—well that was too much. Her plans for next week are now quite definite, her husband reports. There are several other women interested in trying their luck also, Woolley states.

New Castle High Defeats McKeesport 20 to 0

Bridenbaugh Eleven Hands Trouncing To Co-Champions Here

Johnny Uram Thrills Fans With Two Touchdowns; Nickum Crosses Line

Capt. DeCarbo, Ron Thomas, And Shellogg Brothers Play Fine Game

New Castle high school's "Red Hurricane" proved conclusively before a December crowd of 3,000 football fans Saturday afternoon at Taggart Stadium their right to championship consideration by handing a 20 to 0 defeat to a fighting McKeesport high eleven.

The game didn't count for anything official, being listed only as a post-season affair, but you can't deny the fact that New Castle put a halt to a lot of wagging tongues in the class AA conference. The team that Coach Phil Bridenbaugh put on the field Saturday was one of the best in the entire state. With a famed set of backfield men McKeesport never got closer than the 10-yard line. Johnny Uram, sensational halfback, again provided the thrills with two touchdowns, and Charles "Whitney" Nickum applied the third touchdown.

New Castle Superior.

Those big red jerseyed players from New Castle high certainly showed superiority over the Coach Bill Sullivan team. It took the "Red Hurricane" one whole quarter to get up steam, but once that steam was up, the machine was off in a blaze of glory. Ron Thomas helped to get that victory by giving New Castle a big break in the second period. Alex Shellogg helped save the game with his deadly tackling and line play. Walter Kominek, the fullback ace, was in the game up to his ears, and when Kominek wasn't punching McKeesport's line to shreds, he was bringing down Jakomas, Spalla and Vidnovic all over the field with his consistent tackling. Kominek was easily one of the outstanding players in the game.

Uram Scores Twice.

Johnny Uram, perhaps wearing a New Castle high grid uniform for the final time, was the spark plug that set the sparks flying with two touchdowns, one from the 2-yard line and the other from the 6-yard stripe after a gallop around end. Nickum's touchdown came in the fourth period after New Castle had worked the ball to the 2-yard line on a series of fine plays.

As said before, the McKeesport team couldn't get beyond that 10-yard line. New Castle's big front wall with DeCarbo, Raskowski and the Shellogg boys halted almost every thrust by the invaders. When they tried the ends, Thomas and Tomalelo were waiting to spill them. McKeesport's best attack was thru the air. McKeesport threw 11 passes and made good on five of them. New Castle tried three passes and completed one for a gain of 45 yards.

McKeesport Stopped.

In the matter of first downs New Castle had 11 and McKeesport had five, and that was about the margin of victory. It was figured prior to the game that New Castle was about three touchdowns better than McKeesport and for once we picked one right. The penalties were 30 yards for New Castle and 25 for McKeesport.

Things looked none too good for New Castle with the kickoff when Spalla returned the ball 25 yards to the 41-yard line. Jakomas skirted end for a 15-yard gain and a first

down. A pass, Vidnovic to Jakomas, was broken up by Rambo. Raskowski and Fred Shellogg broke through and smeared Vidnovic for a 6-yard loss. New Castle got the ball when Kovacevich punted out of bounds on the New Castle 32-yard line. Uram and Kominek ripped off two first downs in a row and Jakomas intercepted a pass from Nickum and ran to the New Castle 21-yard line, being pulled down by Kominek. New Castle held the visitors for downs and took the ball on their own 19-yard line after Uram had broken up a pass almost on the goal line intended for Jakomas.

Punting Saves Locals.

Captain Mike DeCarbo's educated toe came in for lots of work in the first period, and DeCarbo responded with two beautiful kicks that went over 50 yards.

The "break" that was to start New Castle toward victory came on the final play of the first period. Vidnovic dropped back to punt. He was hustled by the Shellogg brothers and Duff and the kick was a weak effort, the ball not going over 10 yards and into the waiting arms of Ron Thomas, who dashed to the McKeesport 20-yard line and kicked the extra point.

Kominek, Nickum and Uram carried the ball in succession to the 10-yard line for a first down. Nickum picked up two yards and Kominek on an effort at center went to the 6-yard line. Field General Tommy Rambo called upon Uram for a dash around the right side of the line and the tricky Uram did the trick. Uram squeezed out of the line in the far corner, behind splendid interference by DeCarbo, Kominek and Raskowski. Nickum kicked the extra point via placement.

New Castle Takes Lead.

New Castle fans settled back in their seats and breathed easier. New Castle's seven points looked awfully big in that ball game. The remainder of the first half found the teams battling in mid-field with McKeesport throwing all caution to the winds and making good a few forward passes, one from Vidnovic to Kovacevich 25 yards for a first down. Kovacevich kicked to New Castle on the 40-yard line just as the first half ended.

The second touchdown for New Castle didn't come until near the finish of the third period. The big features of the third period up until Uram's touchdown were two intercepted passes by Alex Shellogg and Walter Kominek, both of them halting rallies by the Tubers. Two passes thrown by Vidnovic to Kovacevich were good for first downs for the visitors.

Uram Scores Again.

New Castle gained the ball on a punt from Kovacevich with Johnny Uram taking the punt in mid-field and being downed. Kominek and Nickum were called upon by Rambo and responded with a first down on the McKeesport 38-yard line.

Uram broke away in an open field on one of those snaky runs of his and it looked as if he would cross the goal line, but Barr Spalla, the big McKeesport fullback, pulled Uram to earth on the 2-yard line. Uram almost eluded Spalla, but the ground was soft and Uram slipped. Uram was hurt on the play, but stayed in the game, and in a few seconds he turned in through tackle and slashed over the goal line for his second touchdown. Nickum again booted the extra point, giving New Castle the lead at 14 to 0. The third quarter was over just as Nickum kicked off to Mischel, who was sent in for Jakomas in the Tubers backfield. Patsy James replaced Rocco Tomalelo for New Castle at right end.

At the beginning of the fourth period Coach Sullivan got desperate and sent in four men to try and stop

the New Castle team. Jakomas went back in for Mischel, Kader replaced Gobbel, Lefkowitz replaced Kasunich and Bielic replaced Jackel. The Tubers tried a pass right away, but it was knocked down. Tommy Rambo broke up another Tuber pass. Kovacevich kicked to New Castle out of bounds on the New Castle 30-yard line.

Nickum Crosses Line.

New Castle went into action again with their famed attack. Uram on a reverse play took the ball from Kominek and sped through the visitors for six yards. Kominek picked up a first down. Nickum was thrown by Spalla for a 5-yard loss. Nickum heaved a pass 45 yards and it was taken by Ron Thomas on the McKeesport 22-yard line. This was one of the prettiest plays of the game, and the pass was well taken by Thomas. New Castle was headed for another touchdown. Kominek and Uram picked up a first down on the 12-yard line. Nickum went through center to the 9-yard line. Nickum went through to the 5-yard line. Kominek broke through center for three yards to the 2-yard line. Kominek again hit the line and the ball was just about six inches off the goal line. Nickum slashed his way over for the third and final touchdown. Nickum's kick for another point was blocked. New Castle 20, McKeesport 0.

The game drew to a close shortly after Nickum's kickoff with Uram grabbing a pass from Kovacevich on the 35-yard line. New Castle had the ball and was starting for mid-field when the game ended.

Very Fine Game.

It was a great game, notwithstanding the fact that both teams had but two days to prepare for it. Had the same two teams met in mid-season the fans would not have seen a better played game. New Castle was out for vindication and got it. McKeesport tried hard. The Sullivan coached team pulled all of the well known tricks, but found an alert New Castle team waiting for them. Much of the credit for the victory goes to the powerful New Castle line with the Shellogg brothers standing out like lighthouses at the tackle positions, with sure tackling and excellent blocking. DeCarbo's punting was the best seen all year. He averaged about 45 yards.

The game was delayed about 20 minutes in starting when Charley Wisinger, former great Pitt tackle, and now an official, was late in arriving in New Castle.

Harrisburg Team Turns Down Offer

William Penn High, Eastern Champions, Refuse Grid Game With New Castle

William Penn High of Harrisburg will rest on their laurels, Eastern scholastic champions, and New Castle High will be quite content with the Western Pennsylvania supremacy, but the fact stands that William Penn High flatly refused to play the New Castle "Red Hurricane" football team this coming Saturday for the State championship.

Principal Frank L. Orth and Coach Bridenbaugh made overtures to William Penn following their victory over Altoona High, but the Harrisburg men turned a deaf ear to offers from New Castle to battle for the state title.

Both Reider and Cuba starred for Coach Phil Bridenbaugh and his New Castle High team here several years ago. It is said that Warren Heller, Pitt's All-American halfback was also in the stands, but Heller didn't make himself known. He was accompanied by a young lady friend, the informant tells us.

Big Charley Wisinger, former Pitt tackle and now trying his hand at officiating, got a Bronx cheer from the fans as he dashed out on the field 20 minutes late for the game. He laughed it off, and went ahead and handled a fine game, along with Ted Fry and McFarland.

It seemed funny to be watching a football game in December, but the day was balmy and not a bit cold. The field was just a little bit soggy, but not treacherous. The day was really better than some of the regular football days during the past season.

Jim Rugh, New Castle man, and former Penn U. grinner, nearly had his day spoiled for him, as it was figured upon to let Rugh handle the linesman's job and he was called out of the stands, but Wisinger showed up at last and so Rugh went,

St. Mary's To Open Thursday

Lasky, Uram, Rowe, Shaffer, Hanlon, Franklin, Lackey On Team

St. Mary's basketball team during the past week has been polishing off the rough spots and will appear in their initial game of the 1932-33 season Thursday night on their home floor. Sam Rosenberg will manage the quintet which will be coached by "Piz" Frazier. Joe Dagnon will be the business manager.

Frazier has some new material this year. Andy Lasky may land in the center position and it looks as though Nick Uram and Luke Rowe may win berths at guard. Jimmy Shaffer has apparently clinched a job at forward and the other forward post will go either to Bud Hanlon, Bruce Franklin or Guy Lackey. Most of these boys have played for Coach Bridenbaugh at Ne-Ca-Hi. The team will hold a practice session at 7:30 tonight.

HERE AND THERE IN SPORTS' LAND

Jack Kearns, heavyweight of Kentucky, W. Va., has arrived in town and is now under the management of Robert Latera, who swings a police mace when his fighters are not swinging gloves. Kearns is an Irish-German, 21 years old, stands six feet one inch in height and has fought some creditable battles. He stood up against Jack Dempsey for two rounds when Jack was barnstorming. The Manassa Mauler rolling and excellent blocking. DeCarbo's punting was the best seen all year. He averaged about 45 yards.

The game was delayed about 20 minutes in starting when Charley Wisinger, former great Pitt tackle, and now an official, was late in arriving in New Castle.

California next Saturday at Los Angeles. A victory for Southern California will go far toward clarifying an involved mythical championship in which the Trojans, Notre Dame, Pitt, Michigan and Colgate are the chief contenders.

Amos Alonzo Stagg, veteran Chicago university football coach will not be recommended for reappointment next fall according to T. N. Metcalf, athletic director at Iowa State College who will succeed Stagg. Following conferences at Chicago, Metcalf said he would not recommend the reappointment of Stagg and at this time has not the least idea whom he shall recommend.

Packey McFarland, former lightweight boxer, may be appointed a member of the Illinois state commission. He has been out of the ring for nearly 20 years but has retained his interest in the sport.

Harry J. Jablonsky has been elected captain of the 1933 Army football team at West Point. He played right guard and was one of the "iron men" of the squad, seldom having required relief.

The most important fight of the week will be Friday night when Kid Chocolate defends his featherweight championship against Fidel La Barba who once wore the flyweight championship robe.

Baseball Moguls Are In Session At Columbus, O.

Several Trades Will Likely Be Put Over As Baseball Men Have Meeting

By DAVIS J. WALSH
International News Service Writer

COLUMBUS, O., Dec. 5.—The baseball business which spent those happy, carefree years reveling in the lap of luxury, will set about taking what measures may seem necessary today to keep itself from starving to death, the last of luxury having stood up very briskly and brushed off the crumbs.

So the 800 magnate members of the National Association of professional baseball leagues were assembled in town this morning, ostensibly to attend the annual convention, but actually to fight for their lives, which is always dramatic and interesting, particularly to the guy who is trying to do the living.

The thing began yesterday with the annual meeting of the American Association. It is scheduled to carry through Friday, assuring five full days of oratory, so that, if the patient survives other illnesses, there's always the chance that they will be able to stay with him until they talk him to death.

William Penn High Trims Altoona 12-6

William Penn High of Harrisburg was crowned state champions of the Eastern section of Pennsylvania Saturday afternoon at Island Park, Harrisburg, when they handed the strong Altoona High team a 12 to 6 setback in a title game.

New Castle High defeated Altoona 13 to 0 at Altoona, toward the latter part of the season.

Sidelights Of Grid Battle On Saturday

back to his seat in the stands and enjoyed the game.

The New Castle High and McKeesport bands got a big hand from the crowd as they paraded the field between halves after joining each other for a grand parade. The colors of the McKeesport band light blue and red, blended very nicely with the dark red uniforms worn by the New Castle boys.

Coach Stewart of Sharon and Coach Regis Heinzer of Butler were among the interested fans who sat in the press box. Both coaches were much impressed with the "Red Hurricane." Incidentally they must prepare teams to meet the New Castle High team next fall at Taggart Field. Coach Steve Stephanian of Charleroi was also among the spectators at the game.

The McKeesport special train was filled with about 550 fans and students. The crowd was very orderly. The McKeesport band came in a bus. The visitors were loud in their praise of the fine hospitality of the New Castle fans and students.

Ralph H. Gardner, who handles the destinies of the Faculty Manager post at Senior High got out of a sick bed and was an interested spectator as the "Red Hurricane" swept to victory. Tommy Rambo, Field General of New Castle team who was also sick in bed for several days last week, could not be kept away, much to the sorrow of the McKeesport team.

Notre Dame Team On Way To Coast

Notre Dame Will Go Into Battle With Southern California Saturday

(International News Service)
NOTRE DAME, Ind., Dec. 5.—Cripples included, Notre Dame's rambling football horde rambles westward today, bound for Los Angeles and the annual "Titanic" with Howard Jones' Southern California Trojans Saturday.

In naming 35 players for the journey Coach Hunk Anderson followed his own recently established precedent by ordering the injured and ailing members of the squad to accompany their stronger comrades.

It will be remembered that Hunk adopted the same procedure on the occasion of the team's departure for New York where the Irish cripples managed to hand the Army a sound drubbing.

New Castle High Players Share In W. P. I. A. L. Berths

Pittsburgh Sport Writers Select Many New Castle Stars On Mythical Teams

New Castle high school's "Red Hurricane" football members secured their share of W. P. I. A. L. and All-Conference selections on mythical teams selected in Pittsburgh.

Pau Kurtz of the Pittsburgh Press in picking his All-Class AA Conference eleven placed Johnny Uram, Alex Shellogg, Mike DeCarbo and Ron Thomas on the first team, and William Duff on the second team at center. Honorable mention was given to Fred Shellogg, Raskowski, Rambo, Nickum and Kominek. In fact that entire New Castle team would have made a swell combination.

Julius Levin in the Sun-Telegraph picked not a Class AA team but an All-W. P. I. A. L. team and placed three New Castle men on the first team—Capt. Mike DeCarbo, Johnny Uram at halfback, and Walter Kominek at fullback. On his second team was Duff of New Castle at center. The third team had Raskowski and Alex Shellogg on the line, and the fourth team contained the name of Fred Shellogg. Levin gave honorable mention to the following New Castle men—Thomas, Rambo, Nickum and Lane.

Once again, the football players, themselves, through a poll of the captains of leading teams throughout the country conducted by Central Press association and The News have selected their own All-American football team.

STRONGER TODAY

(International News Service)
NEW YORK, Dec. 5.—The stock market displayed an important tone today after the heaviness of last week in the face of fresh weakness in Sterling and the drop in the French franc to within a small fraction of the gold point.

The opening of Congress held the attention of Wall Street, particularly in view of the repeal vote slated for this afternoon.

The market opened irregular then went into a mild rally during which leading issues rose a point and more above the previous close. Buying failed to follow prices up and the list turned dull.

Railroad stocks recovered from the depressing effect of the big decline in loadings in Saturday's report. Led by Atchafon and Union Pacific, carrier shares showed a distinctly improved tone with gains running to more than a point.

Leaders like American Telephone and Allied Chemical were stronger, aided by the better action of U. S. Steel preferred. Further decline in steel operations as revealed in a trade review was ignored.

Copper stocks were weighed down by the open break at the international copper conference.

Commodities were irregular. Wheat was steady and cotton lower. Bonds were firm. Trading in stocks was at a slow pace.

Public At Elks' Annual Memorial

City Lodge Pays Respects To Departed Brothers In Fitting Program

COLLEGE PROFESSOR ORATOR OF EVENING

Obedience to the most sacred mandate of their order and a desire to renew the high respect they hold for their departed brothers brought New Castle's Elksdom together for its annual memorial service on Sunday evening, when members of the New Castle lodge No. 69, their families and friends and visitors heard the Rev. William G. Reagle, D. D., presiding over Grove City college's chair of Bible deliver an inspiring memorial address as spoken tribute to their dead.

Occurs in Lodgeroom. The Elks' beautiful lodgeroom in their North Mill street temple was the scene for the impressive evening program, participated in by Exalted Ruler John D. Hite and other brother officers of the lodge.

Sounding a note in his eloquent sermon that literally rang around the lodgeroom, Dr. Reagle, well known to audiences here, declared that "never in our history have those qualities of fellowship, friendship, fidelity and brotherly love, so well exemplified by Elksdom, been needed so much."

He promptly reminded the lodgeroom that their influence has grown now to touch thousands of cities and towns throughout the United States with a bond of brotherly love binding together 800,000 members.

The speaker had chosen the 32nd chapter of the Prophecy of Isaiah for his text, that which declares that "man shall be a hiding place from the wind, a shelter from the storm, as a river of water in a dry land and as the shadow of a great rock in a weary land."

Slowly did Dr. Reagle recount the lives of the great Bible characters as he developed his points one by one.

Then he declared: "We are all debtors to all who pass—those with power are debtors to the weak, those

with wisdom are debtors to those who are ignorant, those with wealth to those who are poor and those with goodness are debtors to those with iniquity."

"Mountain Men" Need. And Dr. Reagle, pausing for an instant to sound another key point, said the world is sorely in need today of "mountain men". He prophesied for the world a bright future if men would only inculcate into their lives the qualities that make them such.

Orchestral numbers, played by the Emory orchestra, and vocal numbers sung by the Elks quartet, were features of the impressive service. With a march by the orchestra opening the service, with "America" sung by the audience and with a selection, "Serenade," played by the orchestra, the program reached the place where Exalted Ruler Hite and brother officers conducted the ceremonial ritual service.

Officers Give Aid. Assisting him were Leading Knight Ed F. Ryan, Loyal Knight C. L. Hughes, Lecturing Knight George A. Patterson, Secretary Jacob Cosel, Chaplain John A. Woods, Treasurer George W. Thomas, past exalted ruler, and Past Exalted Ruler Ralph M. Campbell.

Chaplain Woods led in prayer at the opening of the ritual, when lights were extinguished while the names of the departed brothers of the past year were read and small lights illuminated as the names were called. "Absent" was the response given as Secretary Cosel slowly read out the names of Harry Cohen, Fred D. March, J. A. Wright and W. W. Warding. They died during the past 12 months. A total of 270 brothers are on the lodge's roll of deceased members.

The lodge officers also took part in the closing ritual.

After Dr. Reagle's message came the following program:

Quartet, "Holy Night Within This Breast" (Beethoven)—The Elks quartet: George Anthony, Arthur Thomas, W. D. Williams, Harry Evans, with Mary Hopkins Evans accompanist.

Selection, "Romance" (Beethoven)—Orchestra.

Quartet, "In the Sweet Bye-and-Bye" (Monk)—Quartet.

Duet, "Watchman, What of the Night?" (Adams)—George Anthony, Harry Evans.

Closing ceremonies—Lodge officers.

National anthem, "Star Spangled Banner"—Audience.

Benediction—Lodge chaplain.

March, "Our Starry Flag" (Schofield)—Orchestra.

A large majority of the Elks, after the service, gathered beside radios in their homes to hear Grand Exalted Ruler, Floyd E. Thompson speak over the Columbia chain as the Elks' grand lodge conducted its first national memorial program by air.

Now Is Time For Christmas Seals To Be Secured

Contributions Should Be Made So As To Insure Work For Another Year

Those persons who have received the packages of Christmas Seals should see to it that the money in payment for the same is returned to the Lawrence County Anti-Tuberculosis Society office, City Rescue Mission Building, South Mercer street, without delay.

Those who may have been missed in this distribution, should call Phone 5084 without delay and get their share.

Everybody cannot help the other fellow when he is down sick and needs help. Neither can they know how and when to use preventative measures that will save the other fellow from becoming sick, especially in the matter of the care of Tuberculosis cases.

The Lawrence County Anti-Tuberculosis Society can and does do this work in this district most effectively and is doing it for the others of the district, who individually, would have neither the time or the means.

Money is needed however to enable the society to do this work effectively and it is only through the medium of the sale of Christmas seals and such additional gifts as the public spirited people of the community can afford that it is enabled to carry on.

Every person who enjoys good health and freedom from the dread of Tuberculosis has a real cause for aiding the society in carrying on in this work. Make your gift now, also get your Christmas Seals. You will get a happier Christmas, if you do.

Pinchot Suggests Reorganization By State Republicans

Governor Pinchot Issues Scathing Attack On Mellon-Vare-Atterbury

(International News Service) HARRISBURG, Dec. 5.—Gov. Gifford Pinchot in a self-styled "open letter" to Pennsylvania Republicans today exhorted them to cast off their party's "old guard, reactionary leaders" and reorganize along progressive lines.

He set up as an example for them the Democrats, "who won because they discarded their reactionary leaders, and made their party progressive, like the nation."

"Unless the present leadership is changed, the millions of voters who were lost to the party this year will be lost for good," he prophesied.

The governor's letter began as an attempt to explain "what really happened" on November 8, but soon became a biting, slashing offensive against the "Mellon-Vare-Atterbury organization."

He charged, has "twice in the past six years sent to the United States senate men who were conspicuously unfit."

"The last horrible example is Jim Davis, the man who milked the Moose, and whom the senate will doubtless refuse to seat also," Gov. Pinchot charged.

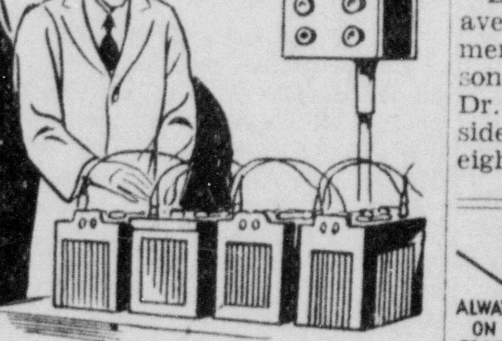

The slating of Grover C. Talbot for the speakership of the state house by the regular Republican organization was interpreted by the governor as indicating that "the old guard may die politically, but it never learns anything." He condemned Talbot as a "regular standard-bearer" in his first public utterance on the speakership fight.

ROAMING With Richards

Some News, Some Views, But Mostly Just Observations Of Interesting Things Around New Castle.

After hanging a Hennessy on the joint and several gridders of McKeesport High, New Castle High now finds itself officially one of the three champs of the W. P. I. A. L., unofficially two thirds of a champ and actually the peer of any high school team between New Bedford and Washington's Crossing. For your information Washington's Crossing is on the Delaware River.

While the game on Saturday doesn't alter the W. P. I. A. L. record a lot or title (not even a second rate title) it should prove to the W. P. I. A. L. leaders something they should have known before, that New Castle has that certain something this year. And Frank Orth, who happens to be the high school principal is just doing William Penn of Harrisburg to take it up. Double dares them in fact.

A lot of coaches from future opponents were out Saturday to see what makes the wheels go round on Taggart Field. Stewart of Sharon High was one of them. Sez we to he, "Sharon is on New Castle's schedule next year isn't it?" Sez he to we, "it is, to our sorrow."

McKeesport had a real band on the field, with a trim young lady as drum major. The young lady, Beatrice Trax, by name, was as full of rhythm as your grandmother's fruit cupboard is of preserve. Neat but not gaudy.

And now if we might suggest it, the time is here for that testimonial banquet. Any time a squad of high school boys can go out and stand up under the shellacking these youngsters have all season and come through the way they have, they're entitled to a dinner at least. And customers get this, they've come through with no grandstanding, no silk hat effects just about the nicest that any team we've ever had.

And if you're interested, Ted Fry broke down and confessed at lunch Saturday that of all the games he had refereed this season, the fastest man he had followed was Johnny Uram. Coming from Ted Fry that's more than something.

And without trying to hand Fry any of the old phonos bolonus wants to nominate him as one of the squarest officials in American sport. A sportsman, a gentleman, a real upstanding fellow. Perhaps you recall him as an ace fullback for Pitt. That was back in the days when Andy Hastings, Tillie De Hart, Chalky Williamson, Bob Peck, Soppit, Thornhill and the rest of those football immortals were making chop suey of all and sundry.

That head linesman Saturday was none other than Zeke Wissinger, who was a bearcat in his day for Pitt. Wissinger was a tackle, or was it a guard. In his day he got plenty of printers' ink in the Sunday editions.

The basketball coach at West Middlesex has something new in the way of an alibi. A scarlet fever epidemic, up there, was responsible for an order prohibiting more than five people from congregating together. He could only use four men at a time practicing which you'll admit isn't a full team. The first game was lost to Butler by 2 points.

"Other Woman" May Send Homewood To Prison For Term

Punishment Of Riding Master In Seduction Case Rests With Former Fiancee

(International News Service) NEW YORK, N. Y., Dec. 5.—Punishment of Sidney Herbert Homewood, sleek blonde riding master, for the betrayal of Charlotte Ariel Gibson, society girl who is about to be a mother, lies in the hands of "the other woman."

That became apparent today, as a trial of Homewood resumed after a two-day recess. District Attorney Henry V. Stebbins prepared to call Miss Elizabeth Bishop, of Nyack, a student of Wheaton College, who once was engaged to marry Homewood.

Upon Miss Bishop devolves the important task of showing there was a promise of marriage made by the defendant to Miss Gibson.

Only if the jury finds Homewood betrayed the girl under such a promise can it send him to jail for five years. The ex-fiancee of Homewood has rallied to her sex's support.
